

# Statement of Fees

This form outlines all of the fees involved studying at ACES.

## Acceptable Payment Methods

Payment can be made via credit card over the phone (1300 889 845), credit card over the internet, Paypal (4% fee applies) or direct deposit into the ACES bank account (contact the college for an invoice). Students with outstanding fees will not be provided with a Statement of Attainment or qualification until full payment is received.

## Part Payment Options

Students who are unable to pay for a subject upfront, may choose to pay over several payments using a valid credit card on the following conditions:

- For a *subject valued at \$795*, a \$200 upfront deposit is required and then a weekly payment of \$65 for ten consecutive weeks. This includes a \$55 processing fee.
- For a *subject valued at \$1995*, a \$500 upfront deposit is required and then a weekly payment of \$160 for ten consecutive weeks. This includes a \$105 processing fee.
- Where a payment is declined, a \$20 processing fee will be charged and the student notified by text. Another transaction will be attempted the next working day.
- If a payment is missed for more than 6 days or payment is declined on more than 3 occasions, the student will be withdrawn from the subject.
- Students who withdraw from the subject who have already accessed the course materials for more than 7 days, will not be eligible to enrol into another subject or the same subject, until the entire debt has been paid.
- Students must provide a valid credit card to accept this option (other payment options not available).
- Students must agree to these conditions and sign the '[Payment Agreement Form](#)'

Students are given ten weeks from the commencement of the unit to finalise payment when paying by instalment. Where approval has been given for a student to pay by instalment, ACES is responsible for the collection of outstanding fees and charges. Fair and adequate recovery procedures are in place to manage the collection and recovery of monies. Students who have fallen behind in their payments will not be enrolled in additional subjects until payment is received.

## Administration Costs
